## ALL YOUR **ENTITY DATA** AT A GLANCE

Flagship centralizes all essential data required to keep your entities in good standing at all times. From regulatory compliance deadlines to D&Os, documents, ownership and more, you streamline your corporate governance work through a single platform.

## YOUR **DOCUMENTS** IN ONE PLACE

Flagship becomes your Single Source of Truth by synchronizing your Sharepoint database with your entities' document repository.

## **GLOBAL** FOOTPRINT & EXPERTISE

Our team leveraged their expertise to create a comprehensive list of entity types, D&O roles and share types across any given jurisdiction. You have the right information in the right place, in line with local regulations, thanks to pre-populated categories.

## INTERACTIVE **ORGANIZATION CHARTS**

Flagship automatically generates customizable organization charts for each entity, from owners to subsidiaries.

## REAL TIME **D&O** ALERTS

Thanks to the Microsoft Entra integration, you receive real time alerts on inactive accounts, allowing us to start removal workflows without delay.

Flagship combines the Odyssey team's expertise and knowledge with our clients' wishes for a flexible platform focusing on core functionalities.
